The program will ensure the availability of general data regarding the Commission's work including annual reports, trend data and other demographics as well as the status of discrimination in Iowa. The program will also facilitate sharing of information to prevent violations of our civil rights laws. The program will provide ICRC employees with a means of performing their duties in a much more efficient and timely manner. The program will make the filing of complaints user-friendly and set the foundation for online filing. This will provide the Commission with the ability to receive complaints online once a statutory issue regarding online filings is resolved. Under our statutory authority and corresponding administrative rules, there appears to be a requirement that complaints be submitted by hard copy only. If necessary, both statutory authority and administrative rules can be amended. The program will be written using current technologies for the gathering of data, the dissemination of data, security and reporting.

Forms to file discrimination complaints are available for download from the agency's website; however, after their forms are downloaded they must be transmitted or filed in hard hand. This will make a great stride toward automating this process as well as other processes within the program. There are many organizations
